Dear Bride and Groom:

We at Music Express understand the importance of your wedding day. This is why we offer a service that takes as much care in planning your reception as you would yourself. Music Express will make sure to pay attention to the details that are important to you.

Let us take the worry out of hiring the entertainment for your wedding reception. You will be provided with a high quality sound system playing the music you request. Our service will be courteous, dependable, and professional. This will help you to feel at ease on your big day.

Of course every individual has different tastes in music and that is why we offer a wide range in music selection. You can choose the music you like ranging from current music, rock and roll, oldies but goodies, big band, country, new wave, etc. to your favorites as well. Request sheets are provided as well as information sheets. This helps to ensure that everything runs smoothly and without a glitch at your reception.

Whether your reception is for 50 people or 500 people, we can add pizzazz to your event. We will act as master of ceremonies and make announcements for you. We will announce the cutting of the cake, the bouquet toss, the first dance, garter throwing, etc. The details will be worked out ahead of time to the Bride and Groom's specifications.

We are in business for **you!** As Bride and Groom, you have more important things to think about on the day of your wedding than if the Music will be adequate. Let us take the take some of the worry out of your wedding day by providing you with the Best in Entertainment.

We are looking forward to working with you.
